TAKE TO THE SKIES WITH GoAir

GoAir connects you to 27 domestic and 9 international destinations, with more than 330 flights daily.
Dear Go-Getter,

Welcome aboard Asia’s Most Trusted airline!

GoAir is all set to launch its 1st international destination of 2020 — Sri Lanka. Your favourite airline will fly direct flights from New Delhi to Colombo and Bengaluru to Colombo. GoAir currently flies to 8 international destinations namely Phuket, Malé, Muscat, Abu Dhabi, Dubai, Bangkok, Kuwait, Dammam and now, starting 20th March 2020, Colombo* will be the 9th international destination. Colombo draws visitors from across the globe for its fine blend of scenic streets, tradition and culture.

GoAir operates its business on three basic principles: punctuality, affordability and convenience and I welcome passengers flying to Colombo to firsthand experience these attributes. Avail promotional roundtrip fare of `13,999 for New Delhi — Colombo and `9,899 for Bengaluru — Colombo.

The Ministry of Civil Aviation has concluded its evaluation of Swachhata Awards 2019 and I am glad to share with you that in the “Category IV Private Airlines” award, GoAir is ranked number 2.

Long-term relationships are at the core of the 283-year-old Wadia Group. GoAir’s relationship with the state-owned Indian Oil Corporation (IOCL) dates back to the inception of the airline in 2005 and it was our honor to participate in their ‘25th Annual Aviation Conference’. GoAir’s On-Time-Performance (OTP) has been acknowledged by Cirium and the Directorate General of Civil Aviation (DGCA), and I can safely say that timely delivery of fuel by IOCL has also played a vital role in achieving OTP leadership.

Our cover story is dedicated to International Women’s Day 2020. The theme is aligned with United Nations Women’s new multigenerational campaign, “Generation Equality”. Approximately 35 per cent of GoAir’s 5,500 employees are women and they add tremendous value to our operations. I am reminded of Pooja Thapa who went beyond the call of duty to save a young man’s life, who had stopped breathing, by giving him mouth-to-mouth resuscitation. At GoAir, we have many inspiring and courageous women like Pooja who are doing some exemplary work day in and day out. This edition is an ode to the women power that has propelled GoAir to greater heights.

Happy flying!

Living Cultures of Bihar

‘The History of Bihar is in some ways the history of India.’

- Dr Rajendra Prasad

Bihar is the embodiment of the tangible and the intangible India as a melting pot of cultures, of religions, and of people, it is in itself the manifestation of many Indias. The metropolis India, the rural India, the literate India, the scientific India, the vernacular India, the tribal India, Bihar holds them all within its welcoming embrace, and it also holds space for the large Bihari Diaspora that migrated towards the west. One must look no further than the rich tradition of the Madhubani paintings to understand the Bihar’s aesthetic tradition, where to this day the 2500 year old folk art is still very much relevant - alive and thriving. It is in advancing this representation of the tangible and the intangible that the Chief Minister of Bihar Shri Nitish Kumar dreamed up his vision for the Bihar Museum – a marriage between high art and folk art - a representation of the melting pot that constitutes Bihar.

In contemporary Patna where one sees the scenic depictions of the Madhubani chitrakala on the walls of the city is the Bihar Museum a synergistic point of art, aesthetic, heritage, and culture. A trailblazer among the museums of the day it was conceived as a symbol of the past, present, and future. The Bihar Museum is a gateway to understanding a culturally significant slice of history which is rooted in Bihar. Not only is this the land on which the Buddha received his enlightenment, where great empires were born, and profound philosophies birthed, it is also a place which has contributed deeply to the Indian art tradition.

The Bihar Museum is opening its doors to the world as it launches the first ever Museum Biennale on the 25th of March 2020. The Biennale will be inaugurated by the Chief Minister of Bihar, Shri Nitish Kumar in the presence of visiting dignitaries, museum directors, collectors, artists, scholars, academicians and the people of the state. ‘It is a celebration of museums as a place of knowing, absorbing, and engaging, a joyous inquiry into the history of the land, of where we come from and where we are headed,’ says Dr Alka Pande, the Project Coordinator.

The Bihar Museum Biennale opens with a two day conference on 26th and 27th March 2020, the theme of which is Bihar and India, and the World...Connecting People, Connecting Cultures. It will look at the museum as a site of Incubation, Inventiveness, and Ideas with sessions delving into all that makes the Museum an integral part of understanding culture and identity. How does one engage and converse with the world at large through these sites? The opening keynote speaker for the conference is British Art Historian Neil MacGregor who very recently served at the Humboldt Forum in Berlin. The resource people who will interrogate, investigate and celebrate museums through our panels will include the following:

The Elements of a Museum moderated by Dr Shikha Jain who will lead a panel including Chiara Rostagno, Abhishek Poddar, Sophie Makariou, and Dr Javier Baron Thaidigsmann.

Container vs Platform: Museum as an Open Space for Conversation moderated by Ruchi Sarkar who will be joined by Oscar Pujol, Marion Ackermann, and Sabitha Satchi.

Comprehending Cultural Icons within the Museum Space moderated by Saryu Doshi who will be joined by Prof. Sand Kumar Chaudhary, Leonhard Emmerling, and Dr Usha Balakrishnan.

Museums as a Site of Cultural Incubation, Ideas and Innovation moderated by Dr Alka Pande who will be joined by Dr Rima Hooja, Pramod Kumar KG, and Ashok Adiceam.

New Museums, New Audiences: Sharing in the Virtual Age which will be moderated by Jagdeep Jagpal leading a panel with Maria Balshaw, Amardeep Behl, and Dr Souraya Nourjaim. Lastly the Museums: Of the People, By the People, For the People moderated by Suresh Jayaram who will be joined by Dr Amreswar Gall and Sabyasachi Mukherjee.

In the three month period of the biennale there is also on offer an exciting array of activities through the Museum Outreach Program, with a special focus on Performing Arts on April 25th and 26th, 2020, Art, Archaeology and Restoration on 30th-31st May, 2020, and Bhasha: a Literary Festival of Text and Image on 27th and 28th June, 2020. The Bihar Museum Biennale is an opportunity to explore the abundance of the traditional heritage of the city that since time immemorial has been the cultural mecca of India.

WE CREATE SPACE ON EARTH
IT’S A DATE!

After a nippy few months, people across India and beyond welcome warmer climes with song, dance and food. Here’s a roundup of events that just cannot be missed.

VELAS TURTLE FESTIVAL

Kick off the spring season with a trip to take in some sea air and watch adorable baby turtles hatching along the Maharashtra coastline. Held at Velas beach, nature lovers can find some comfort in the adorable baby Olive Ridley turtles that will soon start studding Ratnagiri’s shoreline. These sweet-faced creatures are an endangered species, so this is the perfect holiday for an eco-warrior to replenish their soul before spring fully blossoms.

Velas is approximately 195 km away from Pune. GoAir offers direct flights to Pune from Ahmedabad, Bengaluru, Chennai, New Delhi, Kolkata and Nagpur. Visit GoAir.in for more information.

ULTRA FESTIVAL

The famed Miami festival finds a less humid home in Abu Dhabi but promises to maintain an equally sizzling line-up. With electronic legends such as Afrojack and Major Laser gracing the stage, it promises to be a musical extravaganza. Catch every sick drop in the desert paradise of Abu Dhabi...but that’s not it. You can still enjoy the festival without having to pack all that anti-frizz serum to combat humidity — India is in their sights as well. Kick off the local leg of the fest with two back-to-back events in Hyderabad and New Delhi. Fly non-stop with GoAir to these cities to witness headliners such as Nicky Romero, Vini Vici, KSHMR and Alesso. Who’s in?

SIKKA ART FESTIVAL
This vibrant art festival is for those that are looking to experience Dubai beyond the next big shopping blowout. The name of this festival is a nod to the Bastakiya alleyways, called Sikka, in which it takes place. This nine-day long festival features a variety of visual art, films, street performances and music, which can be enjoyed over plenty of local culinary delights. Festival-goers will walk away with a deeper understanding of the local art scene and the talent waiting to be discovered across the United Arab Emirates.

GoAir offers direct flights to Dubai from Kannur. Visit GoAir.in or mobile app for more information.

March 21

THE SHIGMO FESTIVAL
Go beyond the touristy shacks and surf (tempting as they are!) and live like a local when you celebrate Shigmotsav or The Shigmo Festival. Historically, this was a public party thrown to honour warriors returning home from the battlefield and herald the coming of spring. Today, it is celebrated by Konkans in villages across Goa. Expect street festival vibes, with tireless dancers and colourful bunting at every turn, all set to the rousing bassline of some vigorous drumming. We strongly recommend breaking out your best moves and joining in.

VIT - The 18th Ranked Engineering Institution of India (NIRF Ranking 2019, MHRD, Govt. of India)
24 HOURS IN Aizawl

The hilly capital of the northeast Indian state of Mizoram has a quaint vibe coupled with a rich cultural heritage. Here is the best way to savour all of its sights in a day.

Text **ANANYA BAHL**

**CULTURE**

March is the season when one of Mizoram’s oldest festivals, Chapchar Kut, is celebrated. It displays traditional culture that is steeped in agriculture, song and dance. Dressed in traditional finery, men sit on the ground and tap long bamboos while women dancers jump through the spaces created between the bamboo shoots. To learn about the Mizo way of life of yore, head to Falklawn, where a typical Mizo village has been recreated.

**HERITAGE**

Drive to Durtlang Hills, located north of Aizawl, which is the home of a settlement built more than 100 years ago. The Mizoram State Museum is a good place to understand the state’s traditional way of life and history. KV Paradise is Mizoram’s own Taj Mahal, built in 2006 by Mr. Khawlhring in the loving memory of his wife, Mrs. Rosangpui Varte. A two-storey building swathed in white, it showcases her personal belongings and photographs of their wedding. Other spots to visit include MacDonald Hill and the Zoological Gardens.

**CUISINE**

Mizo food is characterised by boiled vegetables and meat, rice and a little spice. Bamboo shoot plays a major role in the cuisine of the region — it is used in stews, boiled meat preparations and chutneys. Head to ZOfoods in the Venghlui area of Aizawl for an authentic lunch and don’t miss capturing pictures of its traditional tribal interiors.

Aizawl is surrounded by some places that are great for half-day trips or weekend getaways. Thenzawl, located about 90 km away, is a weaver’s village where you can learn about the puan (the traditional wraparound skirt worn by Mizo natives) and how it is designed and woven. Durtlang Hills, about 8 km away, is an adventure lover’s paradise as it offers trekking trails and spectacular mountain views. Serchhip, about 91 km from Aizawl, hosts several paragliding championships owing to its spectacular mountain cliffs, favourable wind conditions and clear skies.

Aizawl’s Bara Bazaar is a cacophonous market filled with local wares, fresh fruit and vegetable stalls and plenty of haggling vendors and shoppers. It offers a peek into the everyday lives of the locals and is a must-visit for a late-afternoon or evening shopping jaunt. Things to shop in Aizawl include the traditional puan and wicker baskets. The other vibrant area to visit is Zarkawt. Zohanco, a handicraft shop, sells shawls, puan, bags and home décor items. It’s a nice place to people-watch as a lot of Aizawl’s trendy youngsters throng here.

GoAir offers direct flights to Aizawl from Guwahati and Kolkata.

Enchantment of colours!

Popularly known as the festival of spring or festival of colours, Holi is a celebration that’s visually delightful. Rejoicing in the glory of spring, this festival fills everyone’s heart with fun and laughter, similar to the vibrant colours of nature. Often associated with a day to forget and forgive, Holi is when people come together and feel the abundance of oneness.

There are several legends associated with the festival, one of them being the ritual of Holika Dahan. This ritual happens the night before Holi when people gather, perform sacred prayers in front of a bonfire, and pray that their wrong deeds be destroyed the way “Holika”, the sister of the king Hiranyakashipu, was killed in the fire. This legend signifies the triumph of good over evil.

Lath Holi

Also, known as Lathmar, this version of Holi is celebrated in the Barsana and Nandgaon regions near Mathura, Uttar Pradesh. The twist here is that people hit each other with *laths* (sticks) along with colours. According to legend, Lord Krishna visited his beloved Radha’s Barsana village on this day and playfully teased her and her friends. Keeping the tradition alive, men from Nandgaon travel to Barsana on this day, where women hit them with sticks. Men try to shield themselves as much as possible, but the unlucky ones who get caught are made to dress like women and dance on the streets.
The Power of Plants & Their Proven Results

Of all the places on earth there is just one that is literally shaped by a thousand-year-old unbroken tradition of Ayurveda.

Research based solution for pain and inflammation management, Cannaflam™ and Cannaflam+™ are Ayurvedic proprietary medicines specifically formulated with a wonderful infusion of wholesome Cannabis leaf extract in Coconut oil to help alleviate inflammatory pain and Irritable Bowel Syndrome.

Research has shown that the two naturally occurring cannabinoids CBD and THC directly affect CB1 receptor to alter the serotonin level, which maintains the mental health. Interacting with both CB1 and CB2 receptors, these cannabinoids help in maintaining the natural sleep cycle. They also improve the appetite and immune function."

Among other benefits, it has been evident from research that Cannabis has a positive effect on gut homeostasis and helps promote internal stability and wellbeing.
If we talk about Holi, how can we not talk about Holi celebrations at ISKCON! Keeping alive the 5,000-year-old tradition when Krishna used to play Holi with Radha, ISKCON celebrates this festival with colours, flowers, songs and sweets. 🌀

The great dosa-filter coffee trail in Bengaluru and Chennai

Dose in Bengaluru and dosai in Chennai — the subtle differences don’t end with the spelling. If Bengaluru’s signature is the golden, thick and fluffy dose almost ironed to perfection, Chennai’s would probably be the long, thin yet crisp dosai that’s rolled with equal precision. Pair this with filter coffee and you have a favourite breakfast ritual. Here’s where to head for your fix.

### Chennai

#### Krishna Restaurant, New Woodlands Hotel

It is Woodlands that is largely credited with introducing Chennai to the Udupi-style masala dosa. Located next to Madras Music Academy, one of the city’s cultural hubs, it isn’t unusual for the city’s Carnatic music rasikas (fans) to drop by for a post-concert dosai, served with freshly-ground coconut chutney, that’s almost always washed down with their fail-proof filter coffee. It’s no surprise why this filter coffee has fans. The beverage has been crafted with coffee beans from the very same estate for decades.

**Address:** Krishna Restaurant, Mylapore  
**Contact:** (044) 28113111

---

#### Eating Circles

When in Chennai, eat like a local. But this joint is where Bangaloreans head for Karnataka-style tiffin favourites like maddur vade and thatte idli. But it’s their crispy Karnataka-style dosas (including a Mysore masala dosa with chutney slathered on the inside and also a healthy red rice dosa) that is its calling card. The restaurant’s Bengaluru-style filter coffee, green chutney (with coriander and coconut) and sweet sambar (if that’s your thing) seal the deal.

**Address:** Eating Circles, CP Ramaswamy lyer Road, Abhiramapuram  
**Contact:** (044) 48551117

---

#### Hotel Saravana Bhavan

The ghee roast dosa here is a Chennai legend and qualifies as a meal by itself — king-size, crispy, with the unmistakable aroma of ghee. This restaurant usually buzzes with activity at 6 am with beach walkers (and runners) from the nearby Marina Beach rubbing shoulders with tech workers heading home after an all-night shift.

**Address:** Hotel Saravana Bhavan, Dr. Radhakrishnan Road, Mylapore  
**Contact:** (044) 28115977

#### Sangeetha Veg Restaurant

For an early morning breakfast, step into this hashery that boasts of a full breakfast menu. The filter coffee is the best way to start your day in the city. Sangeetha probably offers more varieties of dosais than any restaurant in Chennai. Their crispy onion rava dosa and Chettinad style dosas are bestsellers, while their evening menu offers a daily choice of healthy millet-based options.

**Address:** Sangeetha Veg Restaurant, Gandhi Nagar, Adyar

Central Tiffin Room
Malleshwaram is one of the city’s only links to the Bengaluru of the past with emblematic local establishments that will take you back in time. Central Tiffin Room (CTR) is one such hub. The filter coffee is always spot-on and then there’s the dosa with its trademark crispness and golden brown that’s arguably the best in town.

Address: Central Tiffin Room, Malleshwaram
Contact: (080) 23317531

Vidyarthi Bhavan
A Bengaluru dining icon since the 1940s, this restaurant witnesses long lines on Sundays. Located in the crowded Gandhi Bazaar area, Vidyarthi Bhavan serves perfect Bengaluru-style filter coffee. Their ghee-laden dosas are sure to put you in a food coma. But it’s the wait staff who are the true stars here, tiptoeing through the cramped dining area with stacks of masala dosas served with their slightly watery trademark chutney.

Address: Vidyarthi Bhavan, Basavanagudi
Contact: (080) 26677588

MTR 1924
Mavalli Tiffin Room, popularly known as MTR, has been a part of Bengaluru’s dining culture for almost a century. From a single restaurant where diners had to wait days for a reservation, MTR is now a chain with a pan-Bengaluru footprint. Most regulars come back for their benne (butter) dosa (served with flavourful chutney) and the invigorating filter coffee.

Address: MTR 1924, White House, St Mark’s Road
Contact: 9886658096

The Filter Coffee
The name is a giveaway. This restaurant has built its reputation on its perfectly brewed tumbler of filter coffee. It’s not just the coffee that shines; the restaurant’s Chennai-style dosas, including wholesome versions such as the murunga elai (drumstick leaves) dosa and green gram dosa, are its other stars. If you are feeling adventurous, try the Karupatti Kaapi (black coffee sweetened with palm jaggery).

Honouring diversity at GoAir

“GoAir is an equal opportunity organisation encouraging diversity in teams. Women comprise a total of 35% of our workforce. Even at our leadership positions, we have women driving the growth path for GoAir and the count of female leaders has only increased this fiscal year, from 8% to 13%. As part of our sincere attempt to raise this diversity quotient, we will be launching an exciting initiative this International Women's Day, conceived by our COO, Ms Miranda Mills. The initiative, called ‘Go Get Her’, will be a referral programme to encourage our employees to refer women for various open positions across multiple locations.”

Nakul Tuteja, Vice President, HR, GoAir
I’m a Chartered Aeronautical Engineer and have spent my entire career in the field of designing, building, servicing, selling and now operating aircraft.

As a child, while building Lego houses, I wanted to be an architect. Then I thought of joining the Special Air Service or becoming a fighter pilot but neither of these was open to women in my day. Eventually, I chose to be an engineer. I studied Aeronautical Engineering at Glasgow University and then joined Leonardo Helicopters as a graduate trainee in Aerodynamics. After a few years, I joined Airbus, first on Commercial Aircraft and then Satellites. I then moved to Rolls Royce, the aircraft engine manufacturer, to lead the transformation of the Civil Aerospace business. I first met our founder, Mr Jeh Wadia, while I was selling Airbus aircraft. GoAir was an important client back then, and so, I was quite excited to join GoAir last year to head the airline operations.

What makes you “You”?
I have always challenged the status quo: be it engineering against the advice of my family, who thought it was an unconventional career path for a woman or shifting countries and companies for new opportunities. This mindset has groomed me to always accept tough challenges and roles.

GoAir believed in me and encouraged me to transfer from an Original Equipment Manufacturer to an airline, which rarely happens in our industry. Hopefully, this can help people realise that opportunities are not always linear, but moving countries, companies and roles can be exciting and fulfilling, too.

I started my career with GoAir eight years ago as a trainee customer service executive, Pune airport, and, within three years, I got promoted to a Duty Officer.

What makes you “You”?
My confidence and commitment towards my work are unmatchable. I am passionate about what I do. This company has transformed me into a skilled professional. I have worked hard for the success I enjoy today.

GoAir has always encouraged me to face challenges and come out a winner.

Miranda Mills
Chief Operating Officer, Operations

Dana Mendonca
Airport Manager, Dubai
Simple but classy. Laid-back, yet alert and efficient. I am a dreamer by day and a firm believer in retail therapy for the unnecessary inconveniences in life.

I love my carefree life. But, every day, as I don my uniform, I transform into a focused and responsible Captain, always performing my best. My parents have always encouraged me to follow my beliefs. Aspiring to be a pilot was in my blood, as my parents come from an aviation background.

What makes you “You”?
I believe that with my hard work and perseverance, I can make my dream a reality. The love and support of my family makes me confident in every walk of life.

As a woman and a Captain, I can proudly say that we have grown leaps and bounds in the recent past. It is, therefore, now our responsibility to shape young women’s minds to feel empowered and reach for the stars.

Natasha Jacob
Senior Captain
I am a people person. I love meeting new people and learning about their lives and culture.

Coming from the hospitality industry, aviation was new to me, but when I joined GoAir, the team was warm and friendly and made me feel comfortable.

What makes you “You”?
I am ambitious and passionate about my work. I set goals for myself and always look for opportunities to perform better. My biggest achievement at GoAir was the day I was promoted to a Duty Officer, Kolkata. GoAir has always encouraged every individual by giving them responsibilities and trusting them with decision-making power.

I think the key to success lies in being motivated and having a focused approach towards set goals.

Civia De Souza
Airport Manager, Airport Services

Pooja Malhotra
Deputy General Manager, OTA, Sales

Aviation professional with over 20 years of Sales & Service experience.

I love animals and, as a kid, I wanted to open a farmhouse. I am a passionate leader and love to see my team members accomplishing more.

What makes you “You”?
I think I possess the qualities of both sides of the coin, determined and lovable. Despite all the odds that I have faced in life, I continue to be in pursuit of making a better version of myself.

Diversity is good for business. And, at GoAir, we have individuals from different industries and backgrounds.

For me, working with GoAir has been an incredible journey: a perfect blend of challenges and achievements.
I thoroughly believe in the quote ‘Work is Worship’. And my professional achievements state the same.

What makes you, well “You”?
I always follow the 4C self-theory: Confidence, Commitment, Courage and Compassion. I think good leadership is crucial for a person’s growth. I have been lucky to have found some great mentors and leaders at GoAir. My team here has a diverse mix of experiences and qualifications which, in turn, helps each one of us grow together.

GoAir, as an organisation, lays tremendous trust in each of its employees. It is due to this encouragement that I feel motivated to perform well every single day.

Anandhi Suresh
Deputy General Manager, Finance

It’s been a fantastic 14-year-long journey at GoAir. I have learnt so much along the way. My growth from being a Customer Service Executive to a Deputy Airport Manager has been remarkable.

What makes you “You”?
I am very meticulous at work. When I got nominated as a core team member for airport services for GoAir, I faced numerous challenges along the way, but eventually, I aced it like a true champion.

GoAir always gives you enough time and space to groom yourself to be a leader and a team player.

OFFICE 2020 COLLECTION

CERTIFIED:
**Aviation professional with over 25 years of experience.**

I joined aviation when the open skies policy had just come into being in India. It was the path less travelled and the possibilities were unlimited. Looking back at the past 25 years in the industry, I can say that it’s been a rewarding experience.

**What makes you “You”?**

I am passionate about whatever I do – with an unwavering eye on the goal – both personally and professionally. For me, my team is above everything else. Throughout my journey, I have had the privilege of leading some fine young women and men, and together we have scaled many heights. GoAir supports diversity, our COO is a lady, a considerable number of our Cockpit Crew and Cabin Crew are ladies, and quite a few departments such as Legal, Sales, Marketing, Commercial MIS and Customer Excellence are led by women.

* I feel fortunate to be working in an enabling environment where, at every step, I feel empowered to think and work independently while supporting a team together and contributing towards the larger goal of the organisation.

**Ruchika Singh**  
*Vice President, Sales*

The journey from a wide-eyed college student to GoAir has been exciting, enriching and extremely satisfying.

However, when I was a young child, I wanted to be a BEST bus conductor in Mumbai city. It felt so hip, giving tickets to everyone and bossing around. Then, in high school, I knew I wanted to be a chef and was determined to start my own catering company; I had even drawn up plans for a kitchen and menus for delivery service.

**What makes you “You”?**

People often describe me as a “take charge, never say never” kind of person. I am focused on my goals, with a burning desire to achieve them. I think I am also a bit of an obsessive planner, with Plan A, Plan B, Plan C and Plan what-to-do-in-case-all-plans-fail.

Recently, I encountered a truly liberating feeling of being treated as a leader when my male colleagues and I received the same treatment during reviews, with no allowances made for my gender. It felt fantastic. Our work culture is extremely diverse and welcoming of different skills and abilities. A genuine respect for each individual ultimately makes GoAir an enriching workplace.

*In one of the reviews, our MD, Jeh Wadia, told me, “You are not here to follow the status quo; you are here to change it.” That empowered me with the courage to do things differently and push through changes, some of which were firsts in our company.*

**My professional life so far has been an exciting journey with accomplishing great achievements and conquering challenges. I cherish every single moment of this path.**

**What makes you “You”?**

My ability to pick up and start all over again, no matter how many rounds it takes. The most empowering moment for me as a leader is to witness my team grow and lead. I consider myself a survivor and follow this motto in my professional life: To adapt is to grow.

*GoAir has allowed me to grow, learn, teach and lead. My team is my legacy and I am proud, honoured and humbled to mentor them.*

**Archana Koushik**  
*Deputy General Manager, Digital Marketing*
Shabnam Syed  
Vice President Marketing & E-Commerce

A seasoned marketing and advertising professional with a successful track record across diverse industries.

I wanted to be an astronaut while growing up, as space and its mysteries always excited me and even now that eagerness to learn new things has not diminished, and that is what has enabled me to adapt seamlessly to new environments.

What makes you “You”?
Following my passion, being authentic, versatile and open to new challenges and opportunities is a mindset that has always driven me on a forward trajectory. My ability to stay resilient in the face of change has enabled me to emerge successfully from every challenge that has come my way.

GoAir is an equal opportunity employer and I feel proud that the Marketing and E-commerce team has one of the best diversity ratios in the organisation. At GoAir, it is not just diversity of talent that is encouraged but also diversity of thought.

Kavita Chopra  
Senior General Manager, Commercial MIS & Planning

I have had the privilege of being a part of the aviation industry for over two decades, which has helped me experience the evolution of this vibrant and exciting sector.

My motto in life is “Learn, Unlearn and Re-learn” and my professional journey has been an absolute thrill of enriching experiences.

What makes you “You”?
I navigate through challenging times with a smile. My philosophy in life is to keep things simple and focus on execution. When I received the SAP Best Implementation Award on behalf of my organisation for Business Warehouse Implementation, I was thrilled. My team here is the best combination of well-experienced individuals and I am fortunate to be working under the leadership of passionate and motivating senior management.

At GoAir, we are encouraged to create a legacy of our own and I am excited to be a part of this great journey.

Kavita Kannan  
Deputy General Manager, Asset Management

Aviation professional with over 21 years of experience.

Despite coming from a traditional Gujarati family, I was always encouraged by my parents to be financially independent. As a child, I too nurtured many dreams, each day a different one. However, the joy and surprise that I felt every time I saw an “airplane” flying in the sky and disappearing in the clouds will remain forever etched in my memory. Even after 21 years in the aviation industry, this sight still brings a smile on my face.

What makes you “You”?
I strive to be perfect in my work. I am also a detail-oriented person and ensure there are no gaps which could result in issues for the team and the company at a later stage.

I feel blessed to be a part of GoAir as it supports diversity and does not conduct any form of gender bias.
I am a people person and love to lead, read, communicate and smile. The best part about me, being a lawyer, is how passionately I love practising law.

I love animals, especially dogs.

Sheetal Sabnis
Head, Legal & Contracts

What makes you “You”?
I have always believed that women are efficient beings. I am passionate about my work and life. I think my USP is that I am a happy person because I love what I do despite the high stress it brings. I feel empowered every day I walk into a court or the workplace. It is exhilarating how we women have achieved our respective careers and positions through sheer hard work and rock-solid determination. We are an equal opportunity company. Also, with an increased female leadership in GoAir, I do believe it will increase the overall proficiency of the organisation.

At GoAir, if I can transform even a few team members with the right ethos, training, ability and honesty, I will consider myself a great leader.

A flaneur at heart, I love discovering the new — culture, cuisine, dance and music.

I started my career as a journalist and moved to the creative world of brands and advertising 15 years ago. As a child, I wanted to be a journalist and I did become one. I love it when my work takes me to places — literally and figuratively.

What makes you “You”?
I treat life as a heady cocktail of new adventures waiting to happen. My spark is my curiosity.

GoAir is a company where you will always bask in a healthy glow of yin and yang in the boardroom. The diversity here is beyond just the right ‘hiring mix’.

I feel empowered to be working at GoAir as I have access to the knowledge and experience of some of the best minds to learn from and some beautiful souls who always cheer me.

Neha Chopra
General Manager, Brand & Communication

Aviation professional with over 26 years of experience and a true Gemini at heart.

I started as a customer service agent and in the last 26 years with my utmost commitment and adaptability, I have become a DGM. However, as a kid, I always fancied becoming a doctor or an electrician.

What makes you “You”?
I am someone who firmly believes “earn respect, not demand respect”. I also think that to be a great leader, EQ is as important as IQ. Our team is distinctly diverse, so when a tough situation crops up, we all become one. The proverb “unity in diversity” works like a dream for our team.

GoAir has trusted me to carry out a function that carries with it great responsibility. I am working in a field that is comparatively new, yet critical in the aviation world. The support I get from GoAir is simply unimaginable.

I work, I enjoy and I treasure health and relationships. I have been working in the aviation industry for the last 26 years.

This picture of the transition of 26 years can put my professional journey in perspective without much narrative. All along, I have been working towards the commercial policymaking with the Government from the airlines’ side.

What makes you “You”?
My perseverance and positive influence are my biggest assets. I may not be completely fearless but I gather the courage to do what is right even if I am the only one doing it.

GoAir empowers each one to do their best by ensuring both resources and recognition. The support of top management is extraordinarily remarkable.

Madhu Shroff
Senior General Manager, International Planning & Regulatory Affairs

I am very proud of the fact that I was the first woman engineer in my family.

My first leadership advancement happened while working for Delhi International Airport. I was heading Applications & Business Services and was part of the core team that initiated the Automation Era for the airport.

What makes you “You”?
I am a strong woman, mentally, emotionally and spiritually. Balancing my professional and personal lives well, I am a good mother and a successful working woman. My husband, my kids, my family have always stood by me and appreciated my achievements.

I am fortunate to work as a senior GM at GoAir and my team consists of people of all ages with different experiences.

I believe when we work with a positive and open mind, only then can we give our best at work. ♡

Sumita Shetty
General Manager, Service Delivery and Standards

Aviation professional with over 25 years of experience.

Having a traditional and conservative upbringing, aviation happened by default. It was only because of my mother’s support that I was allowed to work and build my career. As a child, I wanted to be associated with dance or choreography. However, fate had other plans.

I started as ground staff and moved on to be a Cabin Crew member. I was keen to learn more and took up a role in the training department. As they say, the rest is history.

What makes you “You”?
I am a simple and open-minded person and thrive on new experiences and learnings. I have this undying go-getter spirit, and I am not fazed by challenges and hardships of any kind. Throughout my professional journey, I never stopped learning. I completed my post-graduation, specialising in training and development, Business Management and HR Management.

My team here is a pool of diverse professionals. I find it empowering to lead them and motivate them to perform their best.

GoAir has always encouraged me to make decisions, have a work-life balance and to pursue my dreams; I recently completed a programme to become a life coach.
Creating a legacy like reigning queens. Meet **Sumitra Senapaty** and **Shivya Nath**, who have redefined the terminology: Female Travelling. They are expert leaders and female travel extraordinaire.

The present time is a great time. I love a connected world, and it’s the best it has ever been.

Unconventional career paths come with societal and financial hurdles, but the key is to master inner courage.

- **SHIVYA NATH**
What has been your journey so far?
After having worked in the hospitality industry, with Taj and ITC Hotels, for many years, I decided to pursue my passion for travelling. I combined this with my formidable writing skills and emerged as one of the top travel journalists in India, writing for all the top newspapers and magazines.

I always knew I would do something grand with my passion, but never thought I would be creating a brand, till WOW happened.

What are the kinds of trips you organise for women who travel with WOW Club?
We are known for our offbeat trips from India to Europe and even our once-a-year trip to Antarctica. The women who travel with WOW are a like-minded and free-spirited bunch, who take their own decisions and live life on their terms. We, as an entity, focus on building a community and not just travel trips.
Odisha aah!

15 Buddhist sites. 6 Jain sites. 1,000 temples. 15 museums. 11 beaches. 15 waterfalls. 8 lakes. 19 sanctuaries. 24 islands...

there’s a surprise at every corner.

ODISHA
INDIA’S BEST KEPT SECRET.
What drove you to create WOW Club?
Ironically, I have always been ‘that’ friend who is a travel expert (consulted) whenever any of my friends or loved ones would make their travel itineraries — leisure or professional. So it was only natural for me to create a brand that dwells in sync with my passion. What further prompted me was my trip to Australia, where I met this wonderful group of American women, who were having the time of their lives.
That little interaction with them sprouted the desire in me to create a platform, a means, of sorts, for Indian women who are avid wanderlusts and explorers at heart.
Thus, 15 years ago, I founded, Women on Wanderlust, famously known as WOW Club.

What has been your most happy memory with WOW Club?
A few years ago, we hit 100 trips a year. That’s a lot of women seeing the world through WOW.

Which place/city according to you is a design masterpiece?
Alhambra, Spain. The architecture is stunningly beautiful and represents the lineage of various rulers the region has had.

Which has been your favourite travel tale and why?
The journey I took to the very end of the world: Antarctica. The sheer visual beauty of that place along with the wildlife is simply out of this world. It literally hypnotises you.

Which book would you like to read if you were travelling solo?
A Year in Provence by Peter Mayle. It is also one of my favourite places.

What was the journey like, before you were tagged as “a-girl-who-travels-solo”?
I grew up in a protective Indian family in Dehradun, Uttarakhand, and spent my childhood wondering what lay beyond the mountains, the majestic Himalayas. But like any other kid with aspirations to study in a reputed college, I moved to Singapore after high school with big dreams and a huge student loan.

I got a job at the Singapore Tourism Board, which piqued my interest in travel writing. And, sooner than I could realise, I was unable to tame this restlessness in me, this constant struggle of keeping up with a corporate job.

Finally, I gave in to temptation; it was 2011 when I finally took a two-month sabbatical from work. I went flash-packing across Western Europe with a friend and volunteer-travelled by myself in the high Himalayas of India. In those two months, I saw, experienced and lived more than I ever had before; so quitting my corporate job was only natural once I returned.

What is “wanderlust” according to you?
To me, it is a strong desire to wake up to new and unfamiliar horizons, both without and within.

What inspires you?
The incredible wonders of nature.

What was that one pull that prompted you to be a full-time traveller?
Nomadism is in my blood.

Where would you like to go for a dream vacation?
Pakistan and Afghanistan, given all our shared history and culture, and the incredible natural beauty in these countries.

How did the journey of full-time travelling and blogging start?
It all began with my desire to seek an unconventional path in life, one that would afford me the freedom to live on my terms and experience the incredible natural and cultural wonders of the world.

So when I started travelling in India, all by myself — despite the so-called notion of solo travelling not being safe for females — I, on the contrary, encountered great emotional and cultural experiences, even in the remotest villages.

It was then that I decided to write about it to encourage more women to travel solo and reclaim their freedom. Before I knew it, I was writing for leading publications, including *BBC Travel* and *Conde Nast Traveller*.

What are the initial challenges you overcame to reach where you are today?
Apart from the usual societal and financial hurdles, it was also heartbreaking for me to witness the innumerable ways, we have been destroying the beauty of our planet through our travel and life choices.

So, over time, I have begun to travel more mindfully, turned vegan, started supporting responsible travel companies and social enterprises, and reduced my plastic footprint significantly.

My book – *The Shooting Star* – charts my battles and adventures from the cubicle to the road, and from small-town India to remote corners of the globe. I write candidly about my struggles of transitioning from an average Indian girl to a free soul, who wanted to live on her terms, explore the world meaningfully and smash stereotypes along the way. I write about my relationships, battles, triumphs and life-changing encounters and how I tried to conquer my deepest fears.

In a little over a month after its release, *The Shooting Star* sold 10,000+ copies, acquiring the status of a national bestseller in India.

The Island Life

A vibrant nightlife, delectable cuisine and rich heritage are the cornerstones of the Colombo experience. Above all, it is the city’s distinct island vibe that captures your heart. Now, fly direct to Colombo from New Delhi and Bengaluru with GoAir.

Eat

Colombo’s cafés and stylish eateries have quickly catapulted it to a prime spot on South Asia’s culinary map. For lovers of seafood and the delights of well-cooked crab, there’s Ministry of Crab. Housed in an old Dutch building, it serves up a smashing array of Sri Lankan crab cooked in many ways. Once a warehouse neighbourhood, Park Street Mews is increasingly topping the list of places to head to after sunset. Filled with bars and restaurants, this cobblestone street is where the city’s young and restless hob nob.

Shop

The Federation of Self Employees Market, Pettah Market and Central Market sell knick-knacks and are worth visiting more for the experience than actual retail therapy. For home décor and arts and crafts, head to Pendi on Reid Avenue. Shop for Sri Lankan sarongs at LOVI Sarongs or East Star Handlooms.

Travel

Head to the National Museum of Colombo to learn about Sri Lanka’s history and tradition followed by a jaunt around the Fort area to admire its lovely colonial structures. For a dose of the city’s Buddhist heritage, visit the Gangaramaya Temple (pictured above). Its complex also includes a library and museum. Jami Ul-Alfar Mosque (pictured left), located in Pettah Market, makes for a great Instagram-worthy stop.
Sri Lanka takes its food very seriously. Whether you are tucking into a plate of kothu roti at a roadside cart or tearing apart a giant crab at a seafront restaurant, this original spice island never disappoints. Here are some must-eat dishes in Colombo.

**KOTHU ROTI**
Whether you like it late at night or for a leisurely breakfast, there is no denying that kothu roti is Sri Lanka’s most famous street food. This comfort food is made using roti cut up into small bits and mixed with ingredients such as onions, carrots, cabbage, eggs, and sometimes, chicken or mutton. Don’t be startled by the thunderous sound of chopping blades — used to slice the ingredients — on the griddle. One of the most popular places to sample the treat is the Hotel de New Pilawoos, a no-fuss restaurant. A Chicken Cheese Kothu Roti along with a glass of Iced Milo here won’t be forgotten any time soon.

Address: Hotel De New Pilawoos, Wellawatta Road, Contact: +94 777417417

**CRAB**
With its prime location by the Indian Ocean, Sri Lanka is a paradise for seafood lovers, especially lagoon crabs. The Ministry of Crab in Colombo is a go-to. Housed in the historic Dutch Hospital Complex, this restaurant is a treat for crustacean fans. Sample the Chilli Crab or Sri Lankan Curry Crab. Wash it all down with a chilled thambili (king coconut water). Another place to bask in this crabby goodness is The Fat Crab, also in Colombo. The Spicy Negombo Devilled Crab and Garlic Butter Crab here are worth making a mess.

Address: Ministry of Crab, Old Dutch Hospital Complex Contact: +94 112342722

**WOOD APPLES**
A Sri Lankan favourite, the sweet and sour brownish pulp from wood apples can be eaten straight out of the shell, much like the coconut. The fruit also finds its way into juices, jams and desserts. For the best ones, head to Pettah Market, one of the city’s busiest commercial areas.

**JACKFRUIT CURRY**
There are various curries to try in Sri Lanka, but the green jackfruit curry is a creamy addition to your meal. Treat yourself to authentic polos curry at Lucky Fort. This family-owned restaurant in Galle cooks the curry on a low flame for a few hours in an earthen pot. Wolf this down with a bowl of steaming hot rice.

LAMPAIRS (LUMP RICE)
This all-in-one meal has the Sri Lankan basics such as rice, curry, chicken, vegetables and spices. All components are packed into a single banana leaf, where they continue to cook and mix together fragrantly. VOC Cafe, operated by The Dutch Burgher Union, is everyone’s go-to. Their lamprais comes with a piece of chicken, ash plantain, cutlet, brinjal, egg and pol sambol (grated coconut, red onions and dried whole chilies mixed with fish) and is absolutely divine.

Address: Dutch Burger Union, 114, Reid Ave

KIRI BATH WITH LUNU MIRIS
When in Sri Lanka, you must have kiri bath for breakfast. This is a traditional Sri Lankan dish made with cooked rice and fresh coconut milk. Every family has its own recipe passed down through the generations but the essential ingredients stay more or less the same. Cooked on auspicious occasions, it is complemented with lunu miris, a spicy chutney made with onion, tomato, lemon juice, coconut and dried fish.

Address: Lucky Fort Restaurant, Prarawa Street, Galle
Contact: +94 912242922

HOPPERS
Start your morning with indulgent servings of savoury frilly pancake bowls called hoppers. While some prefer them plain, it is common to find an egg tossed in the centre. The traditional accompaniments include coconut sambal, chili sambol, chutney or curries. For an elaborate meal, load your hopper with fish or chicken curry. The best place for this comfort treat is Upali’s.

Kalyana Mantapa

If here on a sunny morning, be sure to explore the multi-coloured Belgian stained-glass ceiling, which casts a shadow on a bright day. Peer closely to find peacock motifs and floral *mandalas* on the ceiling. Primarily used by the family for royal weddings, ceremonies or birthdays, it is apparent that the makers put in a lot of thought behind this room. For one, this octagonal-shaped hall has gorgeous chandeliers which were specially made in Czechoslovakia. You will also find a few scenes from the *Mahabharata* and *Ramayana* on the column carvings.

Every royal family has its own interest. While some prefer hunting or painting, the kings of Mysore took a special interest in wrestling. The Woodeyar clan encouraged a special class of wrestlers called “Jetties” who put on a special event, a form of wrestling called Vajramushti Kalaga. This was held annually during Dussehra in the wrestling courtyard. In Vajramushti Kalaga, the wrestlers fight each other with metal knuckles of various shapes and sizes.

Although this courtyard is used for wrestling, the quaint steps and the stained glass windows around it lend a peaceful aura. If you look around, you can also spot the famous tiger emblem of the Mysore Palace.

The Royal Throne

Skilfully carved out of fig wood and studded with ivory plaque, this regal seat is a star attraction. On display on special occasions such as Dussehra, the throne comprises a main seat, steps leading to it and a golden umbrella over the throne. The throne — including the cushion and pillows — is embellished with precious stones and silver. It is said that approximately 280 kg of gold was used to create the royal throne. Because it is considered antique and sacred, it is assembled only during festivities.

This is nothing less than a visual feast and it is easy to see why. The room, with detailed columns in colours such as turquoise and gold, was used by the Maharaja to address the public. One would call the colours kitsch in today’s times; perhaps that’s what makes this room one of the most photographed. Revel in its beauty and grandeur; look up to witness the ornate ceiling and vividly painted granite colonnades.

GOOD TO KNOW

Visiting hours are from 10 am to 5:30pm. Tickets cost ₹70 and can be bought online from www.mysorepalace.gov.in

Make sure you catch the 45-minute sound and light show, that depicts the 400-year history of Mysuru. The show (in English) runs from 7 pm to 8 pm from Thursday to Saturday.
Every year, on what is popularly known as Black Friday (the Friday after Thanksgiving Day) in Western countries, shopaholics throng various malls and retail outlets to get the best deals on everything from apparel to gadgets and perfumes to sportswear. Almost everyone has an inclination to get things at a lower cost, irrespective of what one is buying. One of the rare instances where one actually wants to see a higher cost of acquisition is for computation of taxes viz. tax on capital gains.

Most of us hate paying taxes but we have to pay them nonetheless. While one cannot run away from paying taxes, one can certainly make the most of existing tax provisions and make tax efficient investment decisions.

One such tax efficient provision which investors can consider is the benefit of indexation available while computing long-term capital gains on investment in debt mutual fund schemes. Gains made on investment in debt mutual funds held for more than 36 months are considered as Long Term Capital Gains (LTCG).

Indexation is the method by which purchase price of an investment is adjusted for inflation (usually adjusted upwards, unless there is deflation). The Cost of Inflation Index (CII) is used to index the cost of acquisition of the debt mutual fund unit. The CII for each financial year is available on the income-tax website, incometaxindia.gov.in.

If you had invested ₹1 lakh in debt mutual fund scheme in Aug’16 and redeemed those units in Oct’19 for say ₹1.30 lakh, then the indexed cost of acquisition = ₹289/264*₹1 Lakh = ₹1,09,469. Consequently your LTCG would be ₹20,531 and not ₹30,000 (difference between redemption value and actual cost).#.

#The calculation in the above illustration is based on assumed figures and does not represent a guarantee of returns.

</tr>

Source: incometaxindia.gov.in.

If inflation has been high during the period between the purchase and sale of the investment, then the indexed cost of acquisition of the investment will be higher, reducing the gains that are liable for taxation. The indexed price so arrived at is used to calculate the capital gains on which LTCG tax of 20 per cent plus surcharge (as applicable) plus education cess of 4 per cent is charged.

Further, the fact that the CII is defined for each financial year, means that one can actually end up getting benefit of 4 indexations while investing for a little over 3 years when one invests towards the end of a financial year. Say for instance, one invests in a debt mutual fund in March 2020 with an investment horizon of around 3 years, redeeming in March 2023 would result in benefiting from 3 indexation adjustments (FY 20-21, FY 21-22 and FY 22-23). However, redeeming the same investment one month later in April 2023 would make it eligible for 4 indexation adjustments (FY 20-21, FY 21-22, FY 22-23 and FY 23-24).

In view of this, investors with an investment horizon of around 3 years could consider the prospect of investing in debt mutual funds in March and endeavour to make tax efficient returns by holding the units for a month or two longer than 3 years to benefit from an additional year of indexation and reduce their tax outgo.

Generally, Fixed Maturity Plans (FMPs) are launched during Q4 (fourth quarter) of a Financial Year to make the most of an additional year of indexation. However, one can also benefit from this provision by investing in March in open-ended debt schemes for ~ 37 months.

Investors can consider various debt mutual funds with different maturity profiles and credit quality like Short Duration Funds, Medium Duration Funds, Banking and PSU Funds, Corporate Bond Funds and Credit Risk Funds for a period of 3 years and above depending on their risk appetite.

Debt funds offer well diversified portfolio as compared to traditional fixed income instruments like FDs, etc. and are also more tax efficient compared to them owing to the benefit of indexation. Just like you hunt for discounts during Black Friday Sale, this March, explore the option of investing in Debt Mutual Funds for an investment horizon of 3 years and above to make the most of cost indexation benefit.

Mutual Fund Investments are more volatile and riskier compared to traditional investment instruments. HDFC Mutual Fund/AMC is not guaranteeing returns on any investments. One of the premier water-based boating events in South East Asia, the Thailand Yacht Show, celebrated its fifth edition from January 9 to 12, 2020. The location of choice was the luxe Royal Phuket Marina, a seafront venue in the country. This four-day extravaganza was marked by aplomb and participation by potential yacht and boat buyers from across the world.

Talking about his vision to turn Phuket into a sophisticated high-tech yachting haven, Mr. Gulu Lalvani, Chairman of Royal Phuket Marina, said, “Two of my greatest passions outside of work have always been travelling and yachting. I saw the potential for Phuket to become a world-class yachting paradise. I committed myself to turning my vision into reality to put Phuket on the map as an international yachting destination on par with any of the world’s most coveted destinations.”

His efforts paid off. Since its opening in 2004, Royal Phuket Marina remains the first and only 5 Gold Anchor Marina and International Clean Marina in Thailand today. “Having seen the need for a world-class yachting haven years ago, I am pleased to be part of Thailand Yacht Show,” Mr. Lalvani added.

The best lens to view a city is through its graffiti art. From weighty socio-political statements to Bollywood scenes, the artistic capital of India has outrageously creative street art hidden away in gardens, on moss-laden decaying walls of old mills and on abandoned buildings. Here are pieces that are putting a smile on Mumbaikars’ faces.

About two years ago, 30 artists from around the world set out to transform Mumbai’s 142-year-old Sassoon Dock in Cuffe Parade. One of the oldest docks and largest fish markets in the city, Sassoon Docks is now home to several murals and installations that speak of Mumbai’s history and its intrinsic culture. The mural (pictured above) covering two buildings, created by Shilo Shiv Suleman, presents women trying to break out of rigid social structures. One of the most impactful works is by artist JR titled *Inside Out*, a series of monochrome print portraits of local Koli residents, lining the exterior of the dock buildings. It’s an ode to the vibrant Koli fishing community, integral to Mumbai’s history and culture.

The next time you board a local train, crane your neck out at Matunga to view a mural. These murals, part of St+Art Foundation, are found at Shahu Nagar in Mahim. About 11 residential buildings have murals on their walls created by national and international artists. Watch out for Jas Charanjiva’s mural which is about the female who is at peace with herself. The bindi represents wisdom flowing through her and the universe, through her core.

There’s also a bright red mural that begs for your attention. Created by French artists Ella and Pitr, it is meant to evoke the feeling of “innate joy”. Take your phone camera out for Italian street artist Millo’s work in this area. Notice a boy under an umbrella, an ode to Mumbai’s rains. But you will find a shower of marigolds — considered auspicious — instead of a deluge!

ollywood has a strong influence on the city and local pop culture. So it’s no surprise that artist Ranjit Dahiya chose famous Bollywood pin-ups to grace many a drab wall. Curated by Ranjit, a graphic designer and founder of the Bollywood Art Project, this snazzy mural recreates an iconic scene from the movie *Deewar* — Amitabh Bachchan stretching out his arms behind his ears and waiting for Peter to come and fight with him. Legend has it that when the artist Tweeted about the mural to Big B, the actor sent a photographer to document the painting process.

A three-eyed man with reading glasses stares at you from a wall. The slogan reads “Triple Optics”. This is one of the many murals at Chapel Road in Bandra. With cars and bikes jostling for space and the cacophony of horns, the murals here may seem like a much-needed respite. Boundary walls and even store shutters are canvas for these murals, often created by anonymous artists. Take a stroll in this narrow lane for some Instagram inspiration.

WHAT YOUR CARDS REVEAL...

An overview of what to expect this month.

ARIES
Someone’s indecisive behaviour may increasingly bother you. But you might learn something important about yourself. Pull back and give others space to make decisions at their own pace. For those living in the north, a quick trip to Bagdogra sees you make quick progress with your trade.

TAURUS
It’s important now to be thorough in your thinking so that your message to your colleagues can be delivered as effectively as possible. Many of you will need to take a trip to Hyderabad. You might be concerned that you aren’t being able to say what’s on your mind. But it is only your state of mind; you should be at ease.

GEMINI
You will have a continuous stream of thoughts but do realise that these are just mere theories. Work with every productive idea and let go of self-doubt. Remember: nothing good has ever come out of negative assumptions. This month is a good time to set priorities, maybe a quick trip to a beach like Goa will give you that much needed time off.

CANCER
Your ambivalence about a family matter could easily be misinterpreted by others. What you can do is set the record straight. Avoid a misunderstanding that could grow into a conflict. When travelling for work to Jaipur, you are likely to meet someone who will have a strong influence on you.

LEO
At times, being unbiased is all that matters, and this is where you step in this month. If you are travelling to Kochi or Guwahati, you could play the role of a diplomat as you stand in the middle of a conflict. You may have a point of view, yet you are wise enough to keep it to yourself. Don’t get tricked into taking sides. Realise that you only need to help the parties find common ground.

VIRGO
You are open-minded now because you understand that different perspectives could be valid, too. You will find new work opportunities at a city by the sea but remember to maintain healthy boundaries from the start rather than having to overcompensate later on. This is a good time because you are self-aware. You aren’t as concerned about holding firmly to your beliefs since you are self-assured.
ADDING THE WOW FACTOR TO INDORE’S HOSPITALITY INDUSTRY

The Hotel WOW is a 5-Star Hotel standing tall in the Heart of the Hospitality Hub of Indore. It is tastefully designed to afford all Lifestyle Luxuries, be it for Business, Dining or Leisure. The property boasts of several exceptional experiences & promises to extend warm and seamless services with the interiors inspired by our national bird the Peacock.

With its multicuisine restaurant The Constellation, its unwinding restobar The Twilight, terrace lounge Wynd, lavish ballrooms The Grandstands, splendid banquets The Assemblies, well-equipped Gym, unisex Salon and the high-rise open Atrium Lobby surrounded by its 125 luxurious Guestrooms ranging from 258 sqft to 762 sqft, the Hotel WOW is all set to welcome you - to Stand, Gaze & Live.
**LIBRA**

This month you may need to be cautious since you may discover that you missed an important piece of information shared by your co-worker or friend. Learn as best you can and move on. Some of you will run high on imagination and intuition. Allow yourself to relax by taking a yoga holiday in the hills so the energy around you starts flowing in the right direction.

---

**SCORPIO**

If you are involved in the share market, it could need your attention. The cards suggest a quick work trip to Nagpur to make things right in your favour. This could be a time where you may need to be at too many places but cheer up, it’s something that comes easy to you. You’ll have your chance to clear the air soon enough.

---

**SAGITTARIUS**

Looking to the future is easier if you have plans for something exciting to do. However, if that isn’t the case, it’s a reminder that first, you must create your own adventures in your mind. Don’t be afraid to dream of your great escape, for it’s the first step in making it a reality, especially if you have moved to a city like Goa.

---

**CAPRICORN**

Playing it cool at work may not convey your intentions. You want others to see you as confident and capable. Your workload may make you feel lethargic but your perseverance is what makes you, you. Play it by the ear and don’t be overtly emotional about happenings at work. If your family home is down south, you will need to make plans to travel there.

---

**AQUARIUS**

A close friend or family member might say something that strikes you as rather odd. Clarify it with them before it snowballs into a problem. You will see a shift in energy, causing you to re-evaluate important personal and financial commitments. Many of you will take a long-needed break and travel to the south, especially a beachy location like Kochi.

---

**PISCES**

It’s challenging to understand people’s motives, for they are presenting only one side of their story. But beneath the surface lurks an abundance of mystery and complexity. You are not interested in psychological dramas and mysterious meanderings, instead you work towards unwrapping things that have been hidden from your sight for a long time. Those with offices in Pune and Ahmedabad, will be required to do a quick trip.

One of the legends associated with this trek is that Kedarkantha translates to the Throat of Lord Shiva. Legend has it that Lord Shiva once meditated in Kedarkantha before relocating to Kedarnath.
Sandakphu is the highest peak, both in the state of West Bengal and Mechi in Nepal. This trek gives you views of four of the tallest mountains in the world — Mt Everest, Mt Lhotse, Mt Makalu and Mt Kanchenjunga.

The trek starts from Manebhanjan, a small town located about 26 km from Darjeeling and 92 km from Siliguri. From here, you start your trek to Tumling, a small village famous for an unobstructed view of Kanchenjunga’s Sleeping Buddha — the snowline that appears like Buddha in deep eternal sleep. From Tumling, after a trek of nine km, you reach Kalipokhri, a small village famous for the wildlife sanctuary, Singalila National Park. Kalipokhri, literally translating to the dark lake in Nepali, is named after a picturesque local lake with dark waters known as Black Lake. Eight km from Kalipokhri is Sandakphu, the highest point in West Bengal. Do not miss the opportunity to stay here overnight for the enchanting view of the night sky and the bright twinkling stars.

HAVE A SAFE FLIGHT

At GoAir, your safety is our priority. Here are a few ways you could improve your journey to reduce those minimal hassles inflight.

SAFETY FIRST. ALWAYS
We want to provide safe, secure and efficient transportation at all times. The cabin crew is trained and always there to help you regarding any queries related to your safety. All you have to do is ask. Your seat pocket has a safety information card which provides important information in the unlikely event of an emergency. Do pay attention to the safety demonstration on-board. Remember that refusal to obey the lawful command of the captain or cabin crew is an offence.

CLEANLINESS HELPS ON-TIME FLIGHT PERFORMANCE
GoAir has a three-tier principle — punctuality, affordability, and convenience. This can be achieved with your help. Refrain from placing trash or any discarded items in your seat pocket or the floor. You may seek the cabin crew’s help to discard unwanted rubbish. The cabin crew will also conduct special rounds for waste clearance at intervals.

HYDRATION AND CIRCULATION IS KEY
Drink lots of water to hydrate yourself as low humidity in the cabin can cause your body to dehydrate. Apply moisturiser liberally to combat dry skin. High altitude intensifies the adverse effects of alcohol, so limit your consumption. Consuming any alcoholic beverage not bought from the inflight menu is prohibited.

PORTABLE ELECTRONIC DEVICES
Your lightweight portable electronic devices can be used unless advised otherwise by cabin crew. When the safety demonstration is underway and during taxi, take-off or landing, it is advised that you unplug your personal headphones or earphones. Your laptops should be stowed away safely during the above phases. Your safety is our top priority, so switch off or put your devices on Flight Mode during the flight.

KEEP MOVING
Long flights can cause cramps in the limbs. Move your hand and legs while seated every hour for a few minutes. You can also stand near your seat but only during a long duration flight (more than two hours). Remember: stand only when the seat belt sign is off. Stretch your chest and arms or try breathing exercises. These help regulate blood circulation and relax stiff muscles.

NO SMOKING
Please comply with the strict no-smoking rule in the cabin or lavatories as it can endanger the safety of your fellow passengers or disrupt the flight. Use of e-cigarettes is prohibited in-flight.

I have received tremendous positive feedbacks to have faith in the universe itself.

Spotlight: What is My Remedy?
My remedy is a tool I’ve devised through intensive research over years to balance your energies in your birth graph. By precisely studying the effect of each energy, and its powers we can enhance the missing energies to help you get successful results. It’s not an overnight change, nothing is a miracle, but I will guide you to work on your missing energies. The universe is balanced, wherein to gain something, one must lose something too. In this case we will help you lose your negativities, and help you stay positive, strong and successful.

Invest in understanding yourself:
In todays materialistic age, we try to achieve everything out of our reach, and after failing blame the universe for not allowing us a fair chance. We must try and understand ourselves first, and numerology helps you to learn about the most hidden aspect of your life. ‘I don’t say numerology will make you the richest man, because being rich isn’t the biggest achievement, but if you take my help, I shall help you be a better person.’ Take time out to study yourself, and numerology can be a tool to help you in this.

Solutions of Astrological/Vaastu problems

Astro & Vaastu expert
Pt. Jai Prakash Sharma
(Lal Dhagewale)

Question- We are not able to find the perfect match for our daughter even though she is beautiful and accomplished. As to why we are not finding good and compatible match?
Answer- I have closely observed the horoscope of your daughter. The Mars is in the seventh house. And Saturn is creating hurdles in her marriage. Ask her to fast for Maa Gauri Mangla. She would soon get positive news.

Q (2)- My family is facing acute money crunch. Nothing positive is happening in my family. Due to this reason, mental tension has gripped all of us in the family. Please suggest some remedy to overcome this crisis?
Ans- You were born in Karak lagan. Ketu, Rahu and Shani are also malefic. You should wear a locket of pearl, sapphire and coral. Things would surely improve.

Q-(3) My younger son is very naughty and misbehaves with all of us. Will he ever improve?
Ans- There is nothing evil in being naughty. Try to counsel him and he would improve. Basically your son is a sharp boy. Try to horn his skills and he would shine after two years.

Q-4- I am having illusions and of late I have become forgetful. More often than not I forget my way. I cannot go alone anywhere during night. I am always fearful of anything and everything. Even psychologists are not able to help me?
Ans- Saturn and Rahu in your lagan are creating all kinds of problems for you. I will suggest you to wear pearl. You would see better times.

Q-5- Jupiter is malefic in my horoscope. What should I do to improve?
Answer - Chant Vishnu Sahasranamam, put kesar and haldi tilak on your forehead as and when you leave home. Further, give food to Brahmins and put water on Pipal tree. You would see things changing for better.

Q-6 South-West entry is not supposed to be auspicious. Why?
Ans. All the positive energy from North-East corner will move away through South-West door. It is supposed to be the door of leakage of money. South-West corner should also be closed and blocked to avoid negative energies entering into the house.
